

Differential pressure gauge Delta Plus Standard

▶ Differential pressure gauge as standard for the measurement of liquid or gaseous, non-aggressive media, with built in display of work pressure.

Data

Size:	100 mm
Design:	Wall mounting
Connection:	2 x G 1/4 "internal thread
Graduation:	Simple Scale Bar, Table
Accuracy:	Differential pressure at 2.5, operating pressure at 4.0 static pressure up to 25 bar, overpressure in all directions
Max working pressure:	Max 90% at changing load. Full scale value at static load.
Operating temperature:	Maximum 90 ° C
Protection:	IP 54
Accessories:	Fittings and compression fittings, front flange for panel mounting, pressure equalization valve.
Specifics:	Power plug, wetted parts of SS2343,
Accuracy:	1.6% (minimum 01 bar)
Make:	Wika
